The Heart Center of the Universe, which mankind has chosen to call God, and which has been designated by the later organizations of Spiritual thought as the GREAT CENTRAL SUN, is literally, practically, and absolutely the Source of each individual soul who must attain mastery over the individual energy which forms his heartbeat and his life essence.

In the endowment, by the God-Parent, of the motivating power of Light, every individual focus of that Light is given the opportunity of learning of the power that is within that Light, and of the possibility of training his thought and feeling centers to mould that Light into whatsoever form his free will shall indicate.

Men use their Light to create automobiles and contrivances of every kind and description all the time; others use their Light to compose music or the substance of art and literature, and all the particular expressions that feed the mental bodies of the people. Other men and women - recipients of the same Universal Light Substance - choose to dedicate it to the nourishment of the soul, or in the perfection of ways and means by which the bodily ailments of their fellowmen may be alleviated. Thus, through free will, the receivers of the Substance of the Universal God activate and concentrate this Light Essence into forms of a perfect or imperfect nature; the constructive lifestreams becoming channels for the diversified activities of the Holy Spirit when the product

of their free-will choice enriches the Universe to which they belong.

The small number who have responded to the vibration of the Seventh Ray are desirous of utilizing their life energies, under the direction of its Mighty Chohan, to relegate evil to its native nothingness, and to create conditions under which the race may unfold its God-pattern without pressure of sickness, limitation, unhappiness and distress of every kind.

These individuals, through the stream of Electronic Light which is their heart-beat, form conductors for the spiritual energies and powers that pulsate within the inner realms, requiring but an instrument for expression, with no more mystic evocation than is employed by the mechanical radio or television which contacts, draws in, and condenses the ever-present vibrations consciously emitted by transmitting centers for the entertainment, education and enjoyment of those who voluntarily desire to participate and connect with such activities.

These spiritual conductors, through the use of their Light, direct the one-pointed focus of their energy into the dissolution of the causes of evil, and at the same time, through the trained control of their mental and feeling natures, create new forms which are the patterns of future perfection. This is the work of the Seventh Ray and its Great Lord, Saint Germain; and wheresoever upon the planet Earth there can be found those who freely, happily, intelligently, consecutively and fearlessly desire to become a part of this Great Activity - to these lifestreams WE COME

The Ascended Masters are individuals who have utilized Their Light on behalf of the Universal Good, and They radiate Their Blessings to the entire human race with the same impersonal devotion that the Sun, in its shining, expresses; but They can only become 'Wayshowers' to the sons of men who are inclined to join Their energies with the purpose and Plan of the Brothers.

To this end, We have endeavored to bring forth a printed publication by which the design and plan of the Brothers might reach into the minds and hearts of men, but no man is required to read it or to abide within the wisdom of its counsel, even as no man is required to become a Master of the Law of Mathematics, a linguist, or a danseur, or achieve the ultimate perfection in any other line.

Through our printed word, we are reaching out to those who do so desire, for they, each one, will become the embodied Presence of the Chohan of the Seventh Ray, and when the life energies of the less fortunate return for redemption, and they desire a way and means to extricate themselves from the living force which they have, by free will, drawn from the Heart of God, stamped it with their human imperfection, and imposed it upon the universe, the Masters will have - not one - but many ready to teach them the Way of Life.

Blessings and Love,

MAHA CHOHAN

The activity of the Retreat at Lake Titicaca, wherein the concentrated God Power was established through the Feminine Ray at the inception of the planet Earth's manifestation as a member of our Solar System, drew a response from mankind that was beyond the hope and expectation of the Brotherhood. As this Ray represents the Feeling Nature of God, and embodies within Itself the qualities which are the manifest Garment of the Godhead, every lifestream which was drawn within the compass of its radiation began to absorb, either consciously or unconsciously, the very Nature of God while within its Spiritual Aura.

As the aspirant, who once looks upon the Master's Presence, becomes aware of the Divine Pattern which he, himself, must one day fulfill, so were the mankind of Earth deeply imbued with the Nature of Godliness by which they might measure their outer selves, and in all future contacts, how true and accurate the Presentation of Truth might be through those purporting to be the Messengers and Directors that carry the Light to the people. Once an individual has been bathed in the Aura of a Master, or stood in the Sacred Aura of the Godhead Himself, there is no external mental force or human persuasion that can deceive his heart consciousness when an individual masquerading as the God Nature, and yet not expressing a like or complementary vibration, presents a certain aspect of so-called Truth for his acceptance.
